Date: January 18, 2024

**Subject:** *Monitoring program (39<sup>th</sup> quarterly program) in connection with "Monitoring of Environment Parameters and Implementation of Environmental Management Plan Along with Engineering activities during Construction Period of 2×660 MW MSTPP at Rampal in Bagerhat District of Khulna Division, Bangladesh".*

Dear Sir,

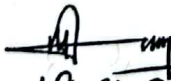

This is to inform you that the Monitoring program (39<sup>th</sup> quarterly program) in connection with "Monitoring of Environment Parameters and Implementation of Environmental Management Plan during Construction Period of 2×660 MW MSTPP" has been scheduled from January 24, 2024 to February 07, 2024.

1. The study team consists of specialists from different disciplines (relating to Water Quality, Air Quality, Noise quality, Ecosystem, Fisheries, Sundarbans Reserve Forest's floral biodiversity, implementation of an Environmental Management Plan, and Social survey). It is expected to monitor between the time above in and around the Plant site as well as in the Sundarbans Reserve Forest area. The activities of the team will be:
  - Monitoring the selected sites, collecting samples & in-situ data collection, and conducting Environmental Compliance monitoring at the Plant site on February 07, and February 08, 2024, and a Forest health survey in the Sundarbans Reserve Forest area from January 24, 2024, to January 29, 2024.
2. Representatives of BIFPCL are expected to accompany the study team in the Sundarbans Forest Area. We would appreciate the BIFPCL representative's presence in this regard.
3. The appropriate authority of DoE and the Forest Department needs to be informed about this field trip schedule. It is requested to take the initiative to inform and invite the corresponding department at the earliest to attend the field trip if they want to experience the monitoring activities.

It will be very helpful for us if you extend your kind cooperation to facilitate our field activities in and around the Project site as well as in the Sundarbans area to conduct the study smoothly.

Thanking you in anticipation and assure you of our best services.

Sincerely yours

18.01.2024

Mohammed Mukteruzzaman  
Director (In-charge) and Senior Specialist  
Power, Energy and Mineral Resources, CEGIS
